City Will Be Resplendent in Colors When Battleship Fleet Comes Home.

[Special to The Times-Dispatch.]
NORFOLK, VA., February 16.—The inclement weather to-day caused a halt in decoration of the city for the advent of the battleship fleet. The spirit of patriotism is seen on all sides, however, and it is expected that by Sunday the entire city will be resplendent with varied colored bunting. The predominant colors will be red, white and blue, with Old Glory conspicuous. The committee on press entertainment has chartered the Old Dominion steamer Mojave, which will be used by the press representatives, and it is expected there will be several hundred. The cabin of the steamer will be a veritable reporter's room, with hundreds of typewriters and other conveniences for the men who will herald to the world the return of the fleet and its reception by the nation. Messenger boys, with small launchers, will be provided to put off at Old Point Comfort and other places where telegraph offices can be found for the filing of copy.

Beginning on Tuesday morning the entertainment committee will operate the steamer Pocahontas, of the Old Dominion Line, regular schedule from Old Point Comfort, making five trips daily, and there will be no charge for the transportation of sailors and officers to and from Norfolk. This guarantees free transportation to the men who may wish to visit the city and enjoy shore leave.

The big parade will occur in Norfolk Saturday, when the men and officers of the fleet will be brought to the city on steamers. A number of social features are being arranged for this day, open to all of the men in the fleet. In addition there will be round after-noon and pleasure for officers and men in Norfolk. Newport News and Old Point Comfort.

The committee on arrangement have been industrious for the past week or more, and everything is being put into excellent shape for the week.

NORFOLK, VA., February 16.—Working steamers and tugs that have been searching this coast for the abandoned waterlogged five-masted schooner Elvira Ball, which was about 50 miles off the Virginia cape when her port last week, report no trace of the derelict. There is now much floating lumber at sea, some of which is being towed to the Ball and some from the bark Matanzas, which recently lost her entire deck load of lumber while in distress off Hatteras. Captain Stanton of the Ball, has given up hope of getting the schooner, and returned to-day to his home in Mystic, Conn. He believes that some fishing vessel has taken the waterlogged Ball in tow as a prize of the sea.

Kemper, superintendent of public schools, in reference to the matter.

BURNING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand—Hand Swelled and Then Humor Spread to Arms, Legs and Face—It Was Something Terrible.

PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema which has been about fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to scratch it all day. He pronounced it ringworm, and made very light of it. He gave me a wash and told me to apply it before going to bed and all night long. The next morning my hand was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that neither doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further.

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is one of the best remedies to heal a sore or other injury rapidly. I can truly and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure I am not making a mistake."—Chambersburg, Pa., Sept. 19, 1908."

Have Been Married Fifty Years

JUDGE AND MRS. EUSTACE CONWAY MONCREUR.

HALF A CENTURY OF MARRIED LIFE

Judge and Mrs. Moncreur Will Celebrate Fiftieth Anniversary of Wedding.

[Special to The Times-Dispatch.]
BOWLING GREEN, VA., February 16.—On Tuesday, February 23, Judge and Mrs. Eustace Conway Moncreur, of Bowling Green, Caroline county, Va., will celebrate the fiftieth anniversary of their marriage, which was celebrated in Hanover county in 1859. On account of recent bereavement in their immediate home circle the golden wedding will be very quiet, taking the form of a family reunion of their children and nearest relatives. Their marriage has been blessed by seven children, all of whom, except the eldest, Mrs. Pinkney A. Gravatt, and the youngest son, Richard G. Moncreur, are still alive, and will attend the golden wedding. They are E. C. Moncreur, Jr., of Texas; William A. Moncreur, of Richmond; Irbly Moncreur, of Blackstone; Mrs. Floyd Moore, of Norfolk; and Mrs. T. B. Gill, of Bowling Green, and also an adopted son, W. Moncreur Gravatt, of Blackstone.

There are few men in Virginia more highly esteemed than Judge Moncreur, who during all the years of his manhood has been honored by the highest offices in the gift of his country. He married early in life Miss Fannie M. Gray, of Hanover county. When the war broke out he enlisted as a private in Company B, Ninth Virginia Cavalry, and rose to the rank of second lieutenant, commanding the first squadron. His services are recorded by his history of the Ninth Virginia Cavalry.

For twenty years—1885 to 1886—Judge Moncreur served Caroline county as Commonwealth's attorney; then he was elected judge, holding the office until it was abolished, since when he has represented Caroline county in the Legislature.

His long career of usefulness to his country and church, and the hospitality, dispensed by his wife at their home "Auburn," have gained for this couple widespread popularity.

MENTAL ANGUISH SUIT.

Norfolk Man Wants \$10,000 for Failing to Deliver Dog's Head.

WASHINGTON, D. C., February 16.—Claiming damages to the extent of \$10,000 because of mental anguish suffered by himself and wife, due to failure to receive a report from the Department of Agriculture on the head of a dog which had bitten him, A. C. Freney, of Norfolk, Va., has entered suit, that place against the United States Express company for delaying the delivery of the head.

Downey was bitten about December 20 last. Fearing the dog to have been mad, he killed and shipped the head to the government authorities about December 22.

After waiting for five days, he says, and hearing no word, Downey claims to have come to Washington, finding the package still at the express office, and taking it to authorities in person. He says further that the authorities pronounced the case of the dog to be rabid, and he was, therefore, compelled to remain here for treatment.

Officials of the express company here said this morning that they had heard of the suit, but knew no details as their legal department is in New York. They assert the package, delayed in transit, did not reach here in time to be delivered before the day-and-a-half government holiday at Christmas. They also declare the package was delivered on the day following, December 26.

At the Department of Agriculture this morning no record of a dog's head received on December 26 was found. There was a record, however, of the receipt of a head from the health officials of Norfolk, December 23. This case, which is thought to have been the case in question, was pronounced rabid by the experts.

It was also ascertained at the Bureau of Hygiene of the Public Health and Marine Hospital Service, where are located the government medical experts in the treatment of cases of rabies, that both Downey and his wife were given the treatment, taking twenty-one days, beginning the last of December.

Fined for Adulteration.

[Special to The Times-Dispatch.]
ROANOKE, VA., February 16.—In the United States court to-day, J. B. Staley, of the firm of Staley & Co., Marlow, was fined \$10 and costs for adulterating buckwheat by mixing flour in it. Judge McDowell said he was so fond of buckwheat that he was inclined to make the penalty heavier, but would let him off light, as it was the first case under the national pure food law to his court.

JURY UNIMPRESSED BY A PICTURE SHOW

On That Ground Hardy's Lawyers Will Ask for New Trial.

[Special to The Times-Dispatch.]
RICHMOND, VA., February 16.—Claiming that the jury was unduly impressed in judging its verdict of acquittal against Sam Hardy, the innocent merchant and choir singer, for the murder of Tiberius G. Jones, by having witnessed a moving picture show in which scenes of carnage were projected, the defense's lawyers will use this fact as one of the grounds on which the motion for a new trial is based.

During the progress of the trial the jury, with the permission of the court and in custody of deputies, attended the Comedy Theatre, a local playhouse, where two of the films portrayed scenes of death, a Kentucky moonshine tragedy and a duel in Normandy.

To-day Manager Emory of the Comedy, was ordered to make ready for an early reproduction with the identical films, to be witnessed by lawyers, court messengers and others. Should Circuit Judge McLennan decline to set aside the verdict the case will be taken to the Court of Appeals.

"BELLVIEW" DESTROYED.

Goss Home Burns and Mrs. Goss Is Badly Injured.

[Special to The Times-Dispatch.]
CHARLOTTEVILLE, VA., February 16.—"Bellview," the residence of Mrs. Belle Goss, wife of the late John W. Goss, for years a prominent farmer of Northern Albemarle, was totally destroyed by fire last evening, together with three out-houses—the dairy, smokehouse and henhouse. In attempting to descend from the top of a chimney, where she had gone to call for help, Mrs. Goss slipped and fell, breaking a bone in her right leg. She was brought at once to the Martha Jefferson Hospital, this city, for treatment.

The children of the household, aided by the neighbors, saved most of the furniture in the rooms on the first floor. The contents of the upper story were entirely consumed. The residence was situated near Rosa, about two miles east of Stony Point, and was of modern design, with about ten rooms. The fire originated in the ceiling of the kitchen, but had gained considerable headway before it was discovered. Mrs. Goss's loss will be between \$3,000 and \$4,000. It is partly covered by insurance.

The Test That Tells.

Dothan, Ala., Jan. 21, 1909.
Dr. Kilmer & Co., Birmingham, N. Y.:
Gentlemen—About one year ago two of my children suffered badly from weak kidneys and diabetes; their urine was very bad and they would have severe spells of dizziness, and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I noticed there was some improvement after they had taken two bottles, and continued to give it to them until they had taken a half dozen bottles and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to any one having children who suffer as mine did.

Gentlemen—Some time ago I was troubled with kidney trouble. I thought some time I was suffering with diabetes. I had severe pains in my back and hips. A friend recommended Swamp-Root and I decided to give it a trial. I obtained a bottle from a druggist, and after taking a few doses, felt relieved. After taking several bottles the pain was entirely gone and I have not suffered the slightest since. I cannot be too enthusiastic in my praise for this wonderful medicine and it gives me great pleasure to give my testimonial in regard to its merits.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST.

Don't be misled—For example, when you ask for Dr. Kilmer's Swamp-Root, the Great Kidney, Liver and Bladder Remedy, don't allow any druggist, drug clerk or store keeper to persuade you into buying something else in its place. The Value of a Remedy is Proven by Its Cures.

Elkwood, Ala., Dec. 14, 1908.
Dr. Kilmer & Co., Birmingham, N. Y.:
Dear Sirs—I have derived such great benefit from the use of your remedy, Swamp-Root, that I believe it to be most important for the public to know its worth. For the past ten years I have been the most miserable of men. I did not know what it was, but had to urinate very frequently both day and night; was all puffed up generally. Could not sleep more than a couple of hours at a time, was greatly distressed after eating a meal and was about worn out. I had tried nearly everything I could see advertised and hear of, without helping me to any great extent, until finally in October last, at Ripan, Wis., I purchased a \$1 bottle of Swamp-Root and commenced taking it according to directions and I followed that with another bottle and experienced such great relief and benefit from same that I purchased \$5 worth in Huntsville, Ala., and continued to take it until I was cured. I am smaller and twice a day in place of four times a day, and believe by the time present supply is used up I will be entirely well. I am feeling better now than I have for years. Can eat and sleep first class. In fact, I am feeling so good that I cannot resist telling you about it. You are at liberty to publish this testimonial if you wish.
Very respectfully,
THOS. STALLARD, U. S. A. Retired.

Dr. Kilmer & Co., Birmingham, N. Y.:
Dear Sirs—I write to-day to the public that your Swamp-Root cured me of kidney trouble. I was almost past being having spasmodic twinges with my kidneys that were breaking down my constitution. The best medical aid was employed and they pronounced my trouble as alkali in the kidneys, but were unable to do me any permanent good.

I took four bottles of Swamp-Root and became a well man. This was six years ago and I have had no trace of the trouble.

Mail Carrier's Experience.

Blountville, Tenn.
I have been a rural letter carrier for over five years. Some two years ago I was taken with severe pains in my back. I used medicine from my family physician for several months without any benefit. A friend, Mr. J. D. Nelson, advised me to try your Swamp-Root, but I had no faith in it. I continued to grow worse, and decided to try it. I bought a bottle, which gave me great relief. I then bought two one-dollar bottles, which I can truly say have completely cured me.

Had it not been for Swamp-Root, I would have been compelled to quit the rural free delivery service.

I advise all mail carriers who get pains in their back that Swamp-Root will cure them. I have often my wife would have to help me to arise.

Dr. Kilmer & Co., Birmingham, N. Y.:
Gentlemen—About four years ago I suffered from kidney trouble. The pain rheumatism in my hips. The pain my back became so severe that I could hardly straighten up and could not walk without dragging my feet. I would urinate frequently, and would have to rise two or three times during the night. I was compelled to suffer from loss of sleep. And with the pain I was all run down and began to lose flesh. I saw Swamp-Root advertised and bought one bottle to try it. After taking it I felt better and could sleep at night. I continued to take it until I had taken four large bottles. I was entirely free from any pain in the back and began to gain in weight. I can always recommend Swamp-Root to my friends, as I think the cure in my case remarkable.

After reading some Swamp-Root literature, I decided to give it a trial. After taking a few doses, I felt somewhat relieved, and after two one-dollar bottles had taken I had no pain and was completely cured. I have not had the slightest pain in my back or hips since. From my own experience, I can cheerfully recommend Swamp-Root to any one suffering from kidney trouble.

Beneficial in Severe Cases.

Edgeland, Tenn.
Dr. Kilmer & Co., Birmingham, N. Y.:
Gentlemen—I hardly know how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back, also with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such shape that I was almost helpless. I had tried several doctors and medicines to no good effect, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from our merchant, Mr. W. J. Elizer. After taking the medicine I felt like a new man, and each day rode five miles to teach school. You are at liberty to use this letter, or refer any one to me, as I will always be glad to tell them what a wonderful remedy this Swamp-Root is. Mr. James Evans, of Saundersville, Tenn., is taking it with good results. Very truly yours,
